- No Batteries Required
- USB Powered – No external power adapter required
- Compatible with the RCVR-105-X (PCM/FM Receiver/ Bit Synchronizer) and RCVR-210S-X (SOQPSK/PCM/FM Receiver / Bit Synchronizer)
- Compatible with TTCVision Software for quick look setup and control or TTCGSS Software for Ground Station Setup and Control
- Windows 2000/XP/VISTA Compatible Driver included

Description

The USB2RCVR provides a USB interface to PCMCIA adapter for the RCVR-105-X (PCM/FM Receiver and Bit Synchronizer) and RCVR-210S-X (SOQPSK/PCM/FM Receiver and Bit Synchronizer). When a PCMCIA slot is not available in the computer, this adapter provides the means of connecting the RCVR to any readily available USB port. No external power is required. The adapter and RCVR are powered from the USB port. The provided Windows driver works seamlessly for both the adapter and RCVR.
